

About us

Established in 2018, HashKey Group is a leading end-to-end digital asset financial services group in Asia that upholds the principle of "compliance first".

Our core businesses include a licensed virtual asset exchange regulated by the Hong Kong SFC, a full-service brokerage platform, institutional-grade digital asset custody services, and a global asset manager investing exclusively in blockchain technology and digital assets. Headquartered in Hong Kong and with operations in Singapore and Tokyo.

MISSION

Make digital assets massively accessible

VISION

Provide trustworthy services to one billion global users

Visionary Leadership

Dr Xiao Feng
Chairman & CEO

As Chairman of the Board, Dr. Xiao oversees and leads the Group's activities and strategic direction. He is also currently Vice Chairman and Executive Director of China Wanxiang Holding, and Chairman and CEO of Wanxiang Blockchain. With more than 25 years of experience in the securities and asset management industry, he was previously Co-Founder and Vice Chairman of Bosera Asset Management, one of the largest asset management companies in Mainland China.
