Milton Berman

Co-Founder @ WakeUp Labs | Web3 - Blockchain - Builder ♂#
Argentina

Extracto

I've built and led development teams of amazing people. Always focusing on being aware of the latest technologies and work methodologies aiming to develop great software products.

Informatics Engineer graduated at Buenos Aires University (UBA).
Passionate about Blockchain and Decentralization technologies.

Working as a CTO at DIDI project, using Blockchain technology to develop a self-sovereign identity platform and a digital wallet to help reduce poverty penalties.

Previously, I was CTO of a video games development startup, Widow Games and in the past worked in multinational corporations leading software development projects.
