About

Nagi works on mega technology trends of this decade - identifying futuristic scenarios and their implications on society, driving foresight into leadership deliberation. He likes working on engagements that challenge the status quo and inspire him to think, identify, and create new business opportunities.

Ben Speaker · 3rd

Content Moderator, Large Language Model Training

June 9, 2022, Nagendra was senior to Ben but didn't manage Ben directly

Nagendra is a brilliant man. Over the course of my 20+ year career, I have met few colleagues who possess his clarity of vision with respect to the future of technology and how we get there from here. His charm and wit are the icing on the cake of his passion for technology. If you are fortunate enough to work with Nagendra, you should count yourself lucky.
