About

In my role as Director of Open Innovation at Think Tank of Lab45, I am responsible for synergy and integration of Think Tank activities with Lab45, Wipro, and external partners. My research focus is on how emerging technologies, such as GenAI, are changing the business landscape for Wipro and bringing new challenges and opportunities to the World. I am actively working with our GenAI Startup Accelerator, our Unpacked Podcast, and our Think Ta ...see more

Recommendations

Received

Given

Dipika Prasad

· 3rd

Principal Product Manager @ Lab45 building GenAI applications | Ex- IDEO; former SaaS founder | Aspen Institute GP Birla Fellow

July 27, 2024, Dipika worked with Rinat A. on the same team

Rinat and I worked together in Wipro's innovation lab where he set up and led the open innovation practice. His knowledge of emerging technologies, especially GenerativeAI is deep and comprehensive. He's also great at quickly contextualising this for business-specific challenges. Above all, Rinat is super supportive of colleagues and a lot of fun to work with. Any team will be lucky to have him!

Rashid Sial

· 3rd

Sr. Manager, Professional Services at Fusion Risk Management

May 11, 2021, Rashid worked with Rinat A. but on different teams

I've had the privilege to work with Rinat for nearly a decade. Rinat is that one person in the room where when he speaks, all heads turn in his direction. His ability to quickly master any subject, provide a deep and thorough analysis and support his peers is unparalleled. He's also very funny! Rinat, thank you for being so awesome.
